

## BIG BATTLE IS EXPECTED SOON

Find Enemy Heavily Intrenched.

TRANSPORTS LEAVE MANILA FOR SAN FRANCISCO.

Movement of Gen. Lawton Toward San Isidro Certain to Meet With Determined Resistance—The Pennsylvania Left For the States Today; Nelson Will Leave Tomorrow and the Cleveland and St. Paul the Thirtieth—War Department Is Not Informed As to Whether Volunteers Will Be Sent Home.

Washington, May 10.—[Special]—Gen. Otis cabled the following today: The transport Pennsylvania left for San Francisco today, the Nelson leaves the 11th and the St. Paul the 13th. The war department is not informed as to whether any of the volunteers now serving in the Philippines will be sent home on any of these transports. The failure of Otis to announce the departure of any volunteers for home, is puzzling the war department, in view of official assurances that the return of volunteers to the United States was simply a question of providing transportation.

If Otis is sending back any empty transports, his action is utterly at variance with Alger's telegram to the governor of Colorado. It is now nearly three weeks since Otis was urged in most emphatic terms to hasten the discharge of volunteers and send them home as speedily as possible.

The entire California regiment was expected to be the first regiment to leave. Alger has cabled Otis for a detailed report upon his plans for starting the volunteers home.

Manila, May 10.—The strongest insurgent position yet known in the course of Gen. Lawton's advance was developed at San Ildefonso, nine miles north of Balnag, by a reconnoitering party consisting of companies of the Thirtieth Minnesota and Second Oregon regiments.

Heavy earthworks extended for a mile from a swamp on the left along a high ridge in front of the town, to the right, with flanking trenches, commanding a vast open country given up to rice fields.

The enemy, on the approach of our small force, opened a terrible fusillade, and the troops withdrew. Maj. Digges of the Minnesota regiment was shot through the head.

If the enemy holds this position a great battle may be expected soon. All the indications suggest that every mile of the forward movement of Gen. Lawton toward San Isidro will be resisted.

Thousands of hungry Filipinos are swarming into Lawton's lines. They are being fed from the large insurgent stores of rice captured at Balnag.

Pence Is Expected Soon.

Washington, May 10.—The state and war department officials continue of the opinion that Aguinaldo will soon surrender. There may be trouble with guerrilla bands, as the quarrels between the rebel chiefs indicate that the so-called rebel government has little real control over its subordinates.

President McKinley's departure from the capital is taken to indicate that the future resistance of the rebels will be only spasmodic, and that hereafter the American authorities will have to deal with bands of brigands rather than with an organized insurrection. He is stated to have remarked before going to the Virginia Hot Springs that he expected to receive word before his return of the unconditional surrender of the principal rebel leaders and the practical end of the insurrection. The resistance of the rebels for some days has plainly been uncertain and without systematic direction. About one more battle, of which the result is not doubted, is expected in order to break up the force of 5,000 or 6,000 under Mascardo, whose men are said to be bold because without experience of American fighting powers. Then the Philippine war is likely to degenerate into skirmishes with bandits, which may continue for some time, owing to the nature of the country, until the natives are thoroughly impressed with the power of the United States.

Filipinos Establish Government.

Manila, May 10.—The first Filipino government sanctioned by the Americans has been established at Balnag. Gen. Lawton authorized the Filipinos at this village to select a native for mayor, which was done. A municipal council, composed of Filipinos, was elected, and the Filipino government took control of the city. The Americans are not to be responsible for the salaries of the officials. They have promised the natives that, so far as they conduct the affairs of the village in a capable manner, they will not be interfered with either by the military or civil American officials.

To Hasten Volunteers Home.

Denver, Colo., May 10.—Gov. Thomas

Tuesday received a dispatch from Adj.-Gen. Corbin at Washington saying that instructions had been sent to Maj.-Gen. Otis to return all the volunteer regiments to the United States as soon as transports were available, and he had replied that the movement would commence about May 5, and that regiments would be returned substantially in the order in which they went out. As the First Colorado regiment was among the first to go to the Philippine Islands it will be among the first to return.

## PACKERS WOULD LIKE TO REMOVE MILES

MUCH PRESSURE IS BEING BROUGHT TO BEAR.

Punishment Desired For Bringing Discredit Upon American Meat Through-out the World—No Indications That the President Contemplates Yielding to Packers Importunates.

Washington, May 10.—[Special]—Much pressure, it is said, is being brought to bear by the beef packers of the country to have Gen. Miles removed from the army and punished for bringing discredit on the American meat throughout the world. There is no indication, however, that the president contemplates yielding to the packers importunates.

Washington, May 10.—The officials of the German embassy say the reichstag's opposition to American meat is grossly exaggerated in the press reports, and the embassy does not regard the situation as so serious as the press dispatches from Berlin indicate. It is said that this opposition to the government bill is of no more significance than the opposition to an administration measure by a committee in our congress, and does not represent either the government or the majority sentiment in Germany.

When the government bill is reported to the full reichstag in about two weeks it is said it will be adopted, as the advice received at the embassy do not indicate any serious danger to the measure agreed upon by Ambassador White and the German cabinet.

## MAY CONVENE CONGRESS.

President McKinley Is Said to Be in Favor of an Extra Session.

Washington, May 10.—The revival of the talk of an extra session of congress seems to have more behind it than idle gossip. The contingency of such a session has been discussed at a cabinet meeting, and a member of that body who was present at the time is authority for the statement that the president's mind is strongly inclined toward such a move. Two reasons chiefly control the president in this matter. He wishes the policy of the government with respect to the Philippines defined and the currency question disposed of before the party enters the campaign of 1900. The president has declared his belief to his advisers that peace will be established in the Philippines within the next thirty days. He does not care to formulate a policy with respect to their government without the aid of congress.

Wisconsin Knights of Pythias.

Milwaukee, Wis., May 10.—The twenty-eighth annual session of the grand lodge Wisconsin Knights of Pythias convened in Pythian Temple, Uihlein building, Tuesday. Grand Chancellor D. G. Used Dynamite on Street Cars.

Duluth, Minn., May 10.—At about 10:30 o'clock last night an attempt was made to blow up a Garfield avenue car on Rice's Point here by a heavy charge of dynamite, which was placed on the street car track by strike sympathizers. The car, which was running at a fair rate of speed, struck the dynamite and there was a terrific explosion, which threw the car on its side, breaking all the windows and tearing the wheels from it. Of the twenty passengers on board only one was hurt, and he was but slightly cut about the head by flying glass.

Stevens Point, Wis., May 10.—The particulars of the arrest of Robert B. Alban, stamp clerk in the local postoffice are as follows:

Shortly afterward Mr. Clark is said to have seen his chain on Alban's vest, and complaint was made to the postal authorities. Inspector Bird took up the case and called at the local office six weeks ago. Nothing more was heard of the case until Marshal Meehan arrested Alban yesterday.

Alban was graduated from the local High school class of 1892. He is a member of one of the oldest and most respected families in central Wisconsin.

Madison, Wis., May 10.—The anti-pass law was not published today, though there were reports that it would be. As stated in a Madison dispatch to The Sentinel the law will be published either Thursday or Friday, probably Friday, and will not go into effect till then. The new sample ballot and the long Ray negotiable paper law must be printed first, and they will take a day each to publish in the official state paper. Attorney General Hicks is receiving a flood of letters daily from people about the state asking about the exact provisions of the law. Most of the inquiries come from railroad employees who hold office as notary public or justice of the peace.

On account of the rapid increase in the prices of iron and steel, he said that it was decided to advance the prices of plow goods 15 per cent. The question of a trust was not considered.

Contrast.

It is a great deal easier to be up to the occasion in some shining moment of a man's life when he knows that a supreme hour has come than it is to keep that high tone when plodding over all the dreary plateaus of uneventful, monotonous travel and dull duties. It is easier to run fast for a moment than grind along the dusty road for a day.—Alexander MacLaren.

American Losses.

According to the adjutant-general's report, the total number of deaths of American soldiers during the ten months beginning with May 1, 1898, was 5,781. Of these, the number killed in action was 329; 126 died of wounds and the remainder of disease. The total is a little more than 2 per cent of the whole number enrolled.

Canvasback Records.

Canvasback ducks were so numerous in the early days of Maryland that employers were obliged to enter into contracts with their laborers that the latter should not be fed on canvasback duck more than three times a week. One man could easily shoot 100 ducks in a single morning in those days. Now the fowls cost \$5 a pair. In London they are worth \$25.

Washington, May 10.—All hope of reconvening the joint American-Canadian commission in August has been abandoned. The conference adjourned owing to an unexpected and insurmountable obstacle in the shape of the lumber and boundary questions. Passes an Income Tax Bill.

Lansing, Mich., May 10.—The senate Tuesday passed an income tax bill which provides for a tax of one-fourth of 1 per cent on all incomes of \$1,000 and upward. He will be the guest of Naval post, No. 400, and will be asked to preside over the naval veterans' convention, which will be held in Independence hall at that time.

Four Thousand Degrees of Heat.

The greatest heat produced artificially is that of an electric arc furnace, the kind that is used in the production of artificial diamonds, calcium carbide, etc. It is so intense that nothing exists with which to record it. It is estimated, however, to be of about 4,000 degrees Fahrenheit. The coldest known temperature is that of liquid air, which freezes alcohol and mercury and distances all means of measuring. It is claimed for it that with it a temperature of 400 degrees below zero, Fahrenheit, is reached. The present limits of heat and cold are, therefore, represented by the arc furnace and the liquid air.

They expect to appear before the public with twenty men this season. There were eighteen of them when they took second prize at the Rockford picnic last June.

## PASSES AND MILEAGE.

The anti-pass law is now being discussed in all its phases, and some interesting questions have been raised. The latest one, according to the Milwaukee correspondent of The Chicago Times-Herald, has been brought fourth by the district attorney of Milwaukee county, to the effect that newspaper mileage cannot be used by officeholders. This will effect a great many officials and will give rise to a spirited controversy. Many of the members of the legislature are connected with the state press, and hold the regular newspaper mileage in return for advertising. As the mileage is paid for, they maintain that there is no reason why they should not use it in traveling. Chief Clerk Houser of the senate, is one of those affected by the opinion on the part of the Milwaukee district attorney. Assemblymen Lange, Vandercook and Farr, Senator Munson and others are proprietors of country papers, and will try to hold onto both their office and their transportation, and the indications are that they will be successful.

That the Milwaukee attorney is mistaken is quite evident. The newspapers pay for every mile of mileage used, under contract. If newspaper men who hold office cannot buy and use mileage, citizen officeholders who buy transportation must also be barred. The thing is as broad as it is wide. Under the Milwaukee attorney's opinion, an officeholder would clearly be prevented from riding on the cars at all.

Dan B. Starkey, of the Milwaukee Evening Wisconsin force, has been spoken of in connection with the position of secretary of the State Tax Commission. Mr. Starkey has been in the newspaper business fifteen years, and both training and natural inclination lead him to go to the bottom of all subjects. He would make an excellent secretary.

Now that the other controversies have been settled, Washington is about to be rent by a social war between Mrs. C. K. Davis and Mrs. W. R. Merriam. If these ructions continue, Uncle Sam may be compelled to build a twelve foot ring in the capital basement and require his subjects, great and small, to settle their differences in the good old fashioned way, instead of through the newspapers.

The Wisconsin Central railway has recognized the anti-pass law by asking all public officers to return their passes. It is thought that all the other roads will adopt the same plan in order to keep free from liability. The new law, it appears, enforces itself, and the pass evil is certainly a thing of the past.

And if the governor of Colorado succeeds in getting the volunteers from that state mustered out, it is likely that the men will again enlist instead of coming home. The soldiers at Manila are all satisfied with their lot, and are letting the people at home do the worrying.

Now that Richard Harding Davis has won the war with Spain, sent Jugglers to America, and committed matrimony, let us hope that he will allow someone else to run the earth for a short time, even if a collision with some other planet is the result. Richard is all right in his place, but—

Admiral Watson will assume command of the Asiatic squadron when Admiral Dewey decides to return to America. It is expected that Dewey will be ready to sail for home on Watson's arrival, which arrangement would bring him to New York about July 4.

General Miles proposes to abide by the findings of the court of inquiry, and will let the matter drop. The yellow papers have been the bane of the general's existence, and he shows wisdom in his decision to give them the cold shoulder.

Illinois couples are still getting married in Milwaukee, ordering their licenses by mail.

Reedsburg people dedicated their new public library with a big celebration. This is as it should be. The value of

public libraries cannot be over estimated, and the people may well take pride in their establishment.

Before sitting down to familiarize themselves to the new game law, sports men should devote a few days to study of the old "sixteen block puzzle."

If Admiral Dewey reaches New York on July 4, the town will not be safe.

The anti-pass bill goes into effect on Friday.

## CONGRESSMEN WILL MEET IN MILWAUKEE

## TO DECIDE HOW THEY WILL VOTE FOR SPEAKER.

Davidson Favors Unit Plan Which He Says Will Help the Interests of Wisconsin and May Cause a More Speedy Adjustment of the Claim of the State.

A Madison correspondent of the Milwaukee Sentinel has the following to say of the proposed meeting of the Wisconsin congressmen at Milwaukee to decide how they will vote for speaker and discuss other important questions: "The Wisconsin congressmen will probably hold a meeting in Milwaukee sometime next month to decide what to do about the speakership contest—whether to act as a unit, and if so, whom the delegation shall favor. The idea of the conference will be to support the candidate whose selection would be best for the state. The unit idea is thought by several members of the delegation to be a good one, for by that means the influence of the state could be more directly felt in the house, where Wisconsin will have some important measures during the next session."

"Congressman Davidson of Oshkosh, said that the members of the delegation had had some correspondence with him on the subject, looking toward a conference, and he believes that a conference will be held. Every congressman save Mr. Dahle of the Second district, has signed his willingness to attend the conference, and it is thought that he will do so soon."

"I have not decided whom to favor for the speakership," said Mr. Davidson. The interests of the state are what will decide me, and I believe that if we hold the conference, as I expect we shall, we will be able to decide what candidate the state's interests indicate as the best man. I have been in correspondence with the other members of the delegation on the subject, and the general sentiment is that a conference be held. Whether or not we shall act as a unit in the contest will be decided at that conference. Personally I am in favor of the unit plan, but I cannot say what my colleague's opinions may be on that subject. At any rate there can be no harm in having a meeting and talking the matter over."

The state will have some need for support in the next congress to get the swamp land claims adjusted. There is some opposition to the claim of this state from other states which also have claims against the government, but have no public lands within their borders with which to satisfy them. This is the case with Illinois, and several members of the delegation from that state oppose the passage of an act giving this state the swamp lands in satisfaction of her claim unless the Illinois claim is settled. There is reason to believe, however, that the claim can be settled at the next session, and if it is it will turn over to the state a vast amount of valuable unoccupied land."

**Red Men in Council.**  
Bloomington, Ill., May 10.—The state council of the Improved Order of Red Men assembled Tuesday morning. The voting strength of the council was about seventy, but the visitors swelled the attendance to several hundred. The feature of the day was the prolonged and earnest debate upon the admission to the order of men in the liquor trade and of persons between 18 and 21 years of age. At present liquor dealers are admitted and 21 is the age limit. It has been decided to institute a state council of the woman's auxiliary, the Daughters of Pocahontas.

General Weyler will consider it the very irony of fate when he hears that General Gomez has purchased and is now living in his old villa near Havana.

PHILIP SHERIDAN  
BADLY INJURED

FALLS FROM HAY MOW ONTO  
FORK HANDLE.

Unfortunate Man's Intestines and Liver  
Badly Bruised and Torn—Taken  
Into the House In Dying Condition  
and Local Physician Summoned—  
May Not Recover.

Philip Sheridan, who resides with his  
father, William Sheridan, in the town of  
La Prairie, two miles from this city on  
the Emerald Grove road, is lying at the  
point of death as the result of a terrible  
accident.

At 7:30 o'clock this morning, Mr.  
Sheridan went to the barn to throw  
some hay down to the ground floor to  
the cattle and horses.

After placing a pile of hay on the  
floor he let the fork drop into it where it  
stuck with upturned handle.

Mr. Sheridan without paying much  
attention as to where the fork was lo-  
cated, carelessly slid from the mow to  
the floor, a distance of several feet.

As he neared the floor he struck the  
upturned handle which entered his body  
badly tearing away the intestines as  
well as a portion of the liver.

Crazed with pain the young man called  
loudly for help and then fell to the  
floor in a faint.

Willing hands were soon to the rescue  
and as quick as possible he was removed  
to the house and a messenger dispatched  
to this city for a physician.

Dr. E. F. Woods, accompanied by  
Dr. J. F. Pember, responded and found  
Sheridan suffering untold agonies.

It was found necessary to place him  
under the influence of ether before an  
examination could be made of his body.

The penetrating fork handle had done  
terrible work and the injured man at a  
late hour this afternoon was in a danger-  
ous condition.

Dr. Woods said this morning that he  
was unable to state whether or not  
Sheridan would be able to survive the  
shock so bad was he injured internally.

The unfortunate man is about twenty-  
four years of age, single, and is well  
known throughout the county, Daniel  
Sheridan, of this city, being a brother.

TOO MUCH RELIGION  
DROVE HER INSANE

UNFORTUNATE WOMAN HERE  
THIS MORNING.

Mrs. John Nott of East Troy Taken to  
the State Hospital At Mendota—At-  
tended Religious Meetings and  
There Her Mind Became Unbalanced  
—Created Scene Here.

Driven insane by too much religion.  
Mrs. John Nott of East Troy, arrived in  
Janesville this morning on her way to  
the state asylum at Mendota.

The unfortunate woman was in charge  
of Sheriff Hollister of Walworth county  
and was accompanied by her son, hus-  
band and attending physician, Dr. O. S.  
Canright of East Troy.

On alighting from the train at the  
Milwaukee depot, Mrs. Nott threw her  
arms about her son's neck and prayed  
that he might be saved from the many  
evil temptations that were laid in the  
way of the young men of today.

She then bestowed upon him several  
kisses and said that she hoped he would  
be a noble man.

Mrs. Nott is forty-four years of age  
and for many years has resided with her  
husband and children on a farm near  
East Troy.

Last winter a number of religious  
crusaders visited East Troy and after  
renting a hall they commenced the hold-  
ing of a series of religious meetings.

While the meetings were in progress,  
Mrs. Nott visited them several times  
and on different occasions took such a  
deep interest in them that she made sev-  
eral addresses, stating that she had de-  
cided to work for the Lord the rest of  
her days.

As the meetings drew to a close, farm-  
ers for many miles about attended, and  
it was then the talk that it was feared  
that the meetings had unbalanced Mrs.  
Nott's mind.

Soon after the crusaders left East  
Troy, Mrs. Nott commenced to act  
strange, and physicians who examined  
her, pronounced her insane, her mind be-  
ing unbalanced by too much religion.

Hanover.  
Hanover, May 10—Born to Mr. and  
Mrs. J. S. Flint, a girl. Funeral services  
over the remains of little Roy Schuman  
were held in the Lutheran church Fri-  
day. The pall bearers were Walter  
Uehling, Edwin Berges, Eddie Borken-  
hagen and Claude Grenewalt. Mrs. Zie-  
now of Janesville, spent Friday visiting  
friends in the village. Mr. and Mrs.  
John Seidmore and son of Janesville,  
visited relatives here Sunday. Mrs. F.  
B. Child left yesterday for St. Paul, to  
attend the biennial session of R. N. of  
A. The school will give an entertain-  
ment June 2. Peter McCue had a very  
narrow escape; his horses ran away and  
knocked him down, the wagon passing  
over him, but fortunately no harm was  
done except a good shaking up. Some  
of the farmers are planting corn.

Strawberries.  
We received this morning fourteen  
cases of the choicest strawberries ever  
grown. They are going at the remark-  
ably low price of 10 cents per quart box,  
large, luscious, red, ripe fruit. Sanborn.

the coldest and best box made; cork  
filled, always sweet and dry. It costs

Remarkable Child.  
Viola Rosalia Oelrich, daughter of  
Mr. and Mrs. Harry Oelrich of Lake  
City, Iowa, is only 2 years old. When  
she was 1 year 11 months and 25 days  
old she passed an examination before  
two competent teachers. At that time  
the child knew not less than 2,000 sub-  
stantives. Viola has a scrap book in  
which are pasted the pictures of 1,100  
various objects, and she can tell the  
name of any of them by looking at the  
picture. She is also able to read a  
number of simple sentences.

Bohemian's Strange Minerals.  
Not far from Trebitzsch, in Bohemia,  
are found many glassy-looking objects  
of a bottle-green color, and tending,  
when unbroken, to an egg shape, to  
which the name moldavites has been  
given. Dr. Suess of Vienna, from a  
recent study of these curious min-  
erals, concludes that they are really me-  
teorites, and should be added to the  
list of foreign bodies that have found  
their way to the earth's surface by fall-  
ing from space.

Heating by Animal Heat.

In considering the problem of heat-  
ing the large department stores, which  
are now to be found in nearly every  
big city, it is very well worth taking  
into account the animal heat distrib-  
uted by the many customers who come  
into such establishments. That this is  
considerable, remarks Cassier's Maga-  
zine, is evidenced by the experience of  
at least one engineer, who, in one  
such case, found that after 9:30 a. m.  
on a day in midwinter, with the ther-  
mometer at the freezing point, no  
other heat was needed to keep the  
place warm.

DOCTOR WOODS BUYS  
VAT ET TA PROPERTY

FOURTEEN THOUSAND DOL-  
LARS PRICE PAID.

Deal Took Place This Afternoon and  
Involves the Sale of One of the Most  
Valuable Pieces of Resident Property  
In the City—Sold By Order of  
Court.

Dr. E. F. Woods of this city, this  
afternoon made the purchase of the Van  
Etta property, corner of South Main  
and South First streets.

The price paid was \$14,000 and the  
property included lots four and five in  
block forty-five of the original plot.

By order of the court Attorney Geo.  
G. Sutherland as trustee under the will  
of Nancy McLean was directed to sell  
the property.

The purchased land is graced by two  
costly homes that were erected by the  
late George Van Etta at a cost of sev-  
eral thousand dollars.

A costly barn, that was built at the  
time the houses were erected, faces on  
Park street and is most complete in  
every way.

During the past year the residences  
have not been occupied owing to high  
rental prices asked.

The most costly of the two dwellings  
faces on Main street and an effort of  
late has been made by several of the  
business men of the city to secure it for  
a club house.

The other dwelling is located at the  
corner of South First and Park streets.

By the purchase of this property it  
means one of the largest priced sales of  
residence property that has taken place  
in Janesville in years.

Dr. Woods intends to occupy one of  
the dwellings as a home and office.

WILLIAM DETTMER  
DIED LAST EVENING

HAS BEEN ILL FOR THE PAST  
TWO YEARS.

Resided In Town of Plymouth For the  
Past Forty-Five Years—First Tak-  
en Ill With Typhoid Fever—Fun-  
eral of the Late Mrs. Elizabeth  
Croft This Morning.

At 11 o'clock last night, Wm. H.  
Dettmer of the town of Plymouth,  
passed to his final repose, aged forty-  
seven years.

Mr. Dettmer has been a resident of  
the town of Plymouth for the past for-  
ty-five years and was a man highly re-  
spected by all who knew him.

Two years ago while at Belmont, Wis.,  
he was taken ill with typhoid fever,  
which finally developed into tubercu-  
losis from which he never recovered.

In 1897 he was married to Miss Ella  
Van Alstine of Hanover, who has ever  
since been his kind and loving nurse,  
doing all she could to allay his suffer-  
ings.

Besides his widow, he leaves to mourn  
his loss a mother and one brother, H. C.  
Dettmer.

The funeral will be held from his  
home Thursday at 1:30 p. m. at the  
Plymouth M. E. church at 2 p. m. Rev.  
Stone of Orford, will officiate and the  
interment will be in Plymouth cemetery.

Mrs. Elizabeth Croft  
Funeral services over the remains of  
the late Mrs. Elizabeth Croft were held  
from the First M. E. church this after-  
noon at 2:30 o'clock. Rev. W. W.  
Woodside officiated and the interment  
was in Oak Hill cemetery.

North Magnolia.

North Magnolia, May 10.—The farm-  
ers are getting their seedling pretty well  
done. Mr. Shaw has twenty acres of  
corn planted. Mr. Nash, who was the  
last of the old settlers in this vicinity,  
was laid to rest Friday afternoon. The  
funeral was held in the school house.

Mrs. Nichols is rejoicing in a new wheel  
chair. It will be a pleasure for her to  
get out of doors. George and Hollis  
Shaw spent Sunday with Mrs. Annie  
Earle of Porter. Mrs. Van Patten and  
Mrs. Weaver attended the R. N. A. in  
Magnolia Friday night. Captain and  
Mrs. Lee were callers at Messrs. Shaw  
and Nichols' Sunday. They took dinner  
at Frank Lee's. Sam Neil received a  
bad injury Sunday afternoon; while  
cooking whistles, the knife slipped and  
cut his leg quite deep. A doctor was  
called to dress the wound.

The Canadian Plebiscite.

The Canadian premier, Sir Wilfrid  
Laurier, has declined to accept last  
year's plebiscite on prohibition as a  
mandate for the introduction of a pro-  
hibition bill in parliament. He grounds  
his refusal on the small margin in  
favor of prohibition in the vote cast,  
and on the fact that the voters so vot-  
ing constituted but a little more than  
one-fifth of the total electorate.

The Khalifa's Treasure.

A correspondent at Nairn says that  
some Arabic manuscripts presented to  
the Nairn Museum by Corporal Mc-

durman, are stated, on the authority  
of a distinguished Oriental scholar, to  
contain intelligence as to the Khalifa's  
treasure and plans. The manuscripts  
are to be sent to Colonel White.

CAPTURED RUNAWAY HORSE

F. L. Dean of Hanover, Caught Frenzied  
Animal By the Nose.

F. L. Dean, of Hanover, made a run-  
away stop this morning on West Mil-  
waukee street that was one of the most  
clever acts of its kind that has ever  
been accomplished in this city.

A horse attached to a delivery wagon,  
belonging to W. C. Kammer slipped its  
bride in front of J. M. Bostwick &  
Son's dry goods store this morning and  
went at break-neck speed up West Mil-  
waukee street.

While in front of W. F. Carle's gro-  
cery store the frenzied animal ran on the  
walk and then was captured by Mr.  
Dean who caught the horse by the nose  
and held him till help arrived.

How He Misunderstood.

There were loud cries from a man  
in the back of the hall and the cornist  
went at it again.

There were more cries from other  
parts of the hall, but, with that one  
still ringing in his ears, the cornist  
kept it up.

"What are you trying to do?" cried  
the manager. "That's no encore."

"No encore?" exclaimed the cornist  
when he had been induced to break  
off. "Didn't that man back there yell  
'Toot, man!' four or five times?"

"Not anv," answered the manager.  
"He's a Scotchman, and what he said  
was 'Hoot mon!'"—Chicago Post.

SMALL POX PATIENT VISITED  
THAT TOWN.

Description Tallied Perfectly, Although

For Chicago, But Is Thought to  
Have Exposed a Large Number of  
People to Disease.

Daniel Webster Graham, the small  
pox patient, will hardly be returned to  
Janesville. Dispatches from Belvidere,  
Ill., announce that Graham is thought  
to have passed through that city, after  
roaming around the local transfer yards  
among the railroad men, exposing them  
all.

The police detained the suspect a  
short time and he denied being Graham.  
His description, however, tallied per-  
fectly and he had in his possession a  
watch like the one Graham is said to  
have stolen at Janesville. Last evening  
the colored suspect boarded a train for  
Chicago.

## WHERE DOES THE MONEY GO?

A puzzle to many people; so much so that the thought of tracing expenses fairly scares them. But whether you trace them or not the fact remains the same—that many dollars can be saved each year on your provision item alone by trading at this store. These words are truth. We offer more bargains in high qualities than any other house in Southern Wisconsin, and they are not occasional either. One continual round of money savers.
